

Scale R/C Aircraft Building Techniques Seminar

January 28, 2012 – 10AM

(Snow date – February 4, 2012)

Featured Guest Speakers

Roy Vaillancourt (*Vailly Aviation*)

AND

Dave Wigley (*Mr. Top Gun 2011*)

Join the **Mid-Hudson R/C Society** in welcoming back two of the hobby's Master Builders & Scale Competitors presenting this Seminar. As a result of the warm reception from those attending the January 2011 seminar, Roy & Dave have put together an **all new agenda** for this follow up Scale Seminar.

Topics for Discussion:

- 10:00 - 11:10** Making fiberglass molds and parts
- 11:20 - 12:30** Small vacuum formed parts demonstration
- 12:30 - 1:30** Lunch break & open discussion
- 1:30 - 2:30** Hatches and access panels
- 2:45 - 4:00** Control linkages and scale hinges

This is a fantastic opportunity to interact and meet these accomplished scale modelers and experienced competitors. Bring along a camera, note book, or an unfinished subject that you have questions about. This is applicable to all R/C scale aircraft, Military or civilian from any era – no model is too big or small. The Seminar will **start at 10:00 AM** and will continue into the afternoon. **There is no charge for admission!**

Location:

**Poughkeepsie United Methodist Church
Recreation Hall**
2381 New Hackensack Road (RT. 376)
Poughkeepsie, NY 12603
