- The minutes from the previous meeting, located on the club's website, were accepted as posted.
- Fred DiMaria reported on the club treasury status.
- Fred presented to the membership the proposed budget for 2017. Otto Loorents made a motion to accept the budget as proposed, and Rob Schulze seconded the motion. A vote was held with all in favor and non against.
- Rob Schulze reported that the Redwing field is in good shape.
- Warren Batson thanked all of the club members that helped out with this year's Jamboree. The event was an overall success. There have been requests from a number of the pilots for the "Mission" event to continue. Peter Jagich thanked Warren for all of his work on putting on the event.
- Glenn Stubbs talked about battery safety. He also mentioned how we need to be careful with the general public's perception of the modeling hobby.
- Peter Jagich read off the slate of nominations for the 2017 club officer positions. There were no additions or changes made from the members present. Since there were no multiple nominees for the positions other than the Membership Director, the club secretary cast the vote to accept those positions.
