

MID-HUDSON RADIO CONTROL SOCIETY  
General Meeting Minutes

Date: 3/6/2017

Start time: 7:04 PM, at the Poughkeepsie United Methodist Church

Present: 25 members, 0 guests

- The minutes from the previous meeting, located on the club's website, were accepted as posted.
- Discussion and experiences from the just passed AMA East Expo.
- Fred DiMaria reported on the treasury status.
- Redwing field report: Rob Schulze reported no new news. Glenn Stubbs noted that there is a "for sale" sign on the property.
- Wallkill field report: Rob VanderMeulen noted that at a distance, the field looks good.
- Glenn said that he will look into any possibilities with the town of Lagrange for any future flying sites.
- Probationary member Jerry Tetty was voted in as a Regular member.
- Rick Rizza brought in two models for show and tell. First, the Horizon Hobby UMX Cessna 182. Second, a Tower Hobbies P-51 electric foam with retracts.
- Charlie Knight brought in his new Horizon Hobby E-flite Convergence VTOL plane. It will fly both vertically and horizontally. Take off and landing only in vertical mode.
- Otto Loorents brought in his scratch built 1/4 scale Pietenpol, with a 7' wingspan built in 1981. Lots of details built into the model.
- Niel Biener posed the question to members on how to handle wing incidences on biplanes. He is building a 1/3 scale Bucker biplane.

Meeting adjourned: 7:47 PM
