

MID-HUDSON RADIO CONTROL SOCIETY
General Meeting Minutes

Date: 8/4/2012

Start time: 10:18 AM, at the Wallkill Field

Present: 24 members and numerous guests

- Warren Batson noted that the Rhinebeck Jamboree chair persons are in place and a list will be sent out for club members to contact for signing up for work details.
- There is a need for extra help on setting up on Friday of the Jamboree weekend. It is noted that the Aerodrome personnel have been doing a good job in keeping up with the maintenance of the runway field.
- The requirement for needing a spotter when flying at the Red Wing field will be relaxed to make it easier for club members to fly. A spotter will not be required when flying small electrics, but is still required for glow powered aircraft.
- Warren mentioned that he was in contact with Tom Polapink in regards to the “Cole and Rita Fun-fly” that was unfortunately happening at the same time as today’s club meeting. There will be more coordination next year to eliminate scheduling conflicts.
- In line with the day’s events, Warren read thru the list of “Life Members” of the club to recognize and honor all those that have been part of the club and contributed so much thru the years.
- Jer Milosek coordinated and ran the “Old Timers” event for the day. Several members brought out old models, engines, radio equipment, etc... for show and tell. Jim Wood even demonstrated two old time “sling shot” gliders.
- A big “thank you” to Rick Rizza for coordinating and cooking the food. A job well done!

Meeting adjourned: 10:31 AM
