- White Elephant Gift Exchange. Bring an RC or modeling related item worth between \$10 & \$20, gift wrapped. Each participant will get to choose a gift, and will proceed in random order. The first person opens a wrapped gift and the turn ends. Each of the rest may choose whether to open a wrapped gift or "steal" a previously opened gift. If a person has his gift stolen, he also has the option of choosing a wrapped gift or stealing an unwrapped one. When a wrapped gift is opened, the turn ends. When all gifts have been unwrapped, the game ends. Note- we may include one or more variations- limiting the number of times a gift can be stolen, and perhaps permitting the person who went first to have a final turn at the end, if s/he wants to steal a gift instead of the ones s/he has.
