

MID-HUDSON RADIO CONTROL SOCIETY
General Meeting Minutes

Date: 2/14/26

Start time: 9:10 AM, at the Poughkeepsie United Methodist Church

Present: 9 members, 0 guests

- Meeting minutes from the previous month were accepted as posted on the website.
- Copies of the treasury report prepared by Fred DiMaria were distributed to those present. All voted to accept.
- Redwing field report: Warren has been cutting the field, so it is in good shape.
- Wallkill field report: Bill mentioned that the earliest that the field would be available this year is April 16th. This is due to State rules regarding hunting dates.
- The Jamboree T-shirt design voting was in for the second round. A tie between design “D” and “E”. There were also several requests to use a different image for the aircraft(s). Pete Jagish will ask his daughter to substitute with a new image. A big thanks to Pete’ daughter for designing the samples for us to vote on.
- A reminder that membership renewals are due by the March meeting.
- The building seminar this year will be on Saturday, February 28. The organizers from last year found that there was an overwhelming interest in having the event again this year.
- The club website has been successfully transferred to a new hosting company. This will save on the yearly cost of running it.
- The idea of using an easy method of communicating among members for the purpose of who is going out to the field, etc... The application “Whatsapp” is a possible solution. It is successfully being used by another club. We need a volunteer to help set this up.
- Show and Tell: Flavio showed his work in progress 3D print DC-3 model that he is building. It will be electric powered and has a 6’ wingspan.

Meeting adjourned: 10:30 AM

Minutes submitted by: Flavio Ambrosini
